GREETINGS FROM NORWOOD GARDENS

HI THERE:

Just about this time every year we have a chance to say a special hello to all our friends and customers. It's just impossible to set down and write each and every one of you. So now at this time we would like to say a special THANKS for all the trust you have shown in us and our plants. Due to the increased orders you have sent us, we were able, as most of you know to buy the stock of THE ELMHERST GARDENS in San Jacinto, California. So this year we are offering more varieties than we have ever done in the past AT PRICES A GARDENER CAN AFFORD TO PAY.

We hope that you will continue to favor us with your orders for that is the only way we can continue. This year we have over 4 acres of top quality plants just waiting to go on their way to your garden. So again we say thanks, and hope you like our catalog this year.

The Pegrams

TERMS:

Cash with order, check, draft, or money order. All orders Postpaid over 4.50 in the United States. On orders less please send along 50c postage unless noted on some collections.

Our main shipping season is from June 1st until December 1st. Although we will ship any time by special request and it is possible.

OUR GUARANTEE:

We guarantee all plants true to name and free from pests. Also if the plants fail to survive we will make an adjustment. All plants are fresh dug for each order. All plants sold by us are grown in our gardens.

IN ORDERING :

We do not substitute unless requested. All plants are in good supply this year so this probably will not happen. If we may substitute please send along a list of some you would like for we are very generous with the extras in each order. We do not give a percentage extra for our prices are lower than most gardens in fact some offerings are below wholesale prices.

GIFT ORDERS:

Over the past few years we have been noting a trend to send gift orders of iris and daylilies. So if you have this mind too, let us know what the occasion is for and we will send a proper card along with your name.

HEMEROCALLIS - DAYLILIES

Here you will find listed some of the worlds best perennials. As we have repeated every year since we began listing daylilies, "Daylilies are one plant that should be in everyone's garden". It has been quite amazing the popularity they have gathered.

They bloom from spring 'till frost. More bloom scapes are produced and the flowers are larger as each year passes. Making them "permanent beauty in your garden". No pests or diseases seem to bother them, for they go right on blooming year in and year out even with neglect. Of course the more care and water you give them the more they will reward you. Most all varieties listed are hardy from Canada southward. So make it a point this year to plant a little corner of your garden with them. We know you won't be disappointed.

And now a few tips on planting and caring for your daylilies you will order this year:

1. The time to plant is NOW. The sooner you plant the sooner you will have bloom.
2. Plant in any good garden soil with the root-leaf union about 1 inch under ground, being careful to spread the roots out.
3. Water well to settle several times, and weekly thereafter.
4. Never use a fertilizer high in nitrogen for all it will do is promote a lot of leaf growth and little bloom. A good rule to follow on fertilizing is to use a little often instead a lot several times a year.
5. Plant in full sun and if you have some darker shades put them where they get just a little shade for this tends to make the colors deeper and brighter.

The divisions we send out are large and heavy. In all instances when stock permits they will be double or better. WE SEND DAY-LILIES ANY TIME OF THE YEAR WHEN OUR WEATHER PERMITS DIGGING.

Last year in keeping with the times we switched over to shipping daylilies in plastic bags thus making the plants arrive at your garden in even fresher condition than you would think possible. I believe we are among the first few to use this new method. This is just another service that we like to pass on to you and all our other customers.

ELMHURST HYBRIDS

Starting on this page you will find listed the originations of Mrs. Rhea Graham of San Jacinto, California. We feel that we should list them separately so as to give you a better chance to study their characteristics. They are the result of over 8 years of intensive hybridization. And now here they are, a galaxy of stars ready to put on their show in your garden.

NEW FOR 1956

FREDERICK L. GRAHAM, Evergreen 3'

An exquisitely fragrant, continuous bloomer is this dream of a flower. Classy, large, triangular shaped, wide open type flower, extremely different. It opens fully wide, curls, twists, waves and recurves, with a pinched effect on tip ends of petals. Spreads out in all directions trying to attract all attention. Glitters as if heavily dusted with gold dust, having thick heavy plush velvet, wax like texture. A rich luscious appearing glow of a very light pinkish peach is suffused all over the entire substance of the flower, the base of which is a rich cream self. This glow seems to penetrate right thru the entire flower causing mid-ribs to appear on petals, also sepal and petal edges to appear lighter. The deep throat is tinted light green at extreme bottom, throwing a slight tint of reflecting green over the flower. Sepals curl far back on extreme tips and petals twist in all directions, as if trying so say, come and see me. A wonderful parent for the hybridizer. 15.00

DEW CURLS, Evergreen 3'

Extremely recurved, wavy, twisty curly lovely pink, with a deep light green throat, running up into a bright, light yellow zone, towering on up into a dark rose eye-zone on each petal. A prominent cream mid rib on each petal, with sepals edged the same shade of cream. Petals lacy and twisted on tip ends. 15.00

NIGHT BELLS, Evergreen 3'

Extremely fragrant night bloomer. Prolific producer of large bell shaped flowers which open wide. Petals wide, very wavy, ruffled and overlap, wavy, recurved sepals. The entire flower from extreme bottom of deep throat to tip ends is a self of the brightest, glowing, glittering gold. Glows as if a light was turned on far down in the throat. One flower in the house will perfume the entire home. Substance and texture thick and heavy, yet like beautiful velvet. 10.00

MAHOGANY TOWERS, Evergreen 3½'

Mahogany petals with light cream showy mid-ribs and a wide, bright, red-purple eye zone towering far up each petal. Sepals recurve far back resembling curls, are mahogany in color, with a suffusion over the entire sepal of bright red-purple. A faint hairline mid-rib of light cream runs to the tip end of the sepal. Deep throat is pale green, shading to a bright yellow, which runs far up both sepals and petals like beautiful towers. Heavy substance, velvety, fragrant flowers. Extremely showy, prolific long bloomer. 5.00

STAR JEWELS, Evergreen 3'

Wide, velvety, crinkled, crepe paper effect in a peach-tan shade, with petals and sepal edges a bright cream. Also each petal has a wide prominent cream mid-rib. Deep throat is pale green extending up petals into a bright yellow, that towers up on into a wide bright rosy red. Conspicuous towering eye-zone. Wide petals and sepals overlap. Flowers open wide, and have a mottled, showy appearance, of heavy substance. A truly unusual flower, and so very attractive. 5.00

BUTTERCUP DEW, Evergreen 2½'

Extremely, round, wide open crimped, crinkley, wavy petalled bright buttercup yellow self, having a faint tan eye-zone. Heavy wax like substance beautifully enhanced with a velvety appearance. Wide overlapping petals and sepals having a wide prominent mid-rib running deep into the throat. 4.00

KATHY PEGRAM, Evergreen 4'

Lovely fragrant rose pink self with wavy petals and recurved sepals. Prominent cream mid-ribs on petals, with just a hair line of cream running thru center of each sepal. Velvety flower opens wide showing a deep bright yellow throat shaded green. Long prolific bloomer, unusually attractive in the garden. This was named after our new little daughter so we hope you like it. 4.00

PEACHY TOWERS, Evergreen 3½'

A waxy substance, wavy velvety flower in a beautiful color combination. Peach petals with prominent dark cream mid-ribs, which run deep into the throat. Sepals peach completely edged dark cream. Throat is wide, a very bright and glowing yellow that towers far and wide up each petal, also sepals. The entire flower glows as if trying to attract all attention to it alone. 3.00

HOWDY MISS, Deciduous 2½'

Slightly wavy, wax like substance of velvety texture. A near white, very light yellow self. Petals have prominent mid ribs, while sepals recurve far back on tip ends. A fine flower to use in arrangements as it is a late night keeper; also extremely fragrant. 3.00

OUR FLYING STAR, Evergreen 4'

Wide petaled large oxblood red and cream. Petals are a dark velvety oxblood red and overlap the wide sepals, which are cream slightly brushed oxblood red. The flower opens wide to show a deep bright glowing golden throat which shows the flower off to perfection. Texture and substance is extremely velvety and heavy. Stands the wind and rain well, blooming on thru with flying colors. Extremely long flower producer and fragrant. The entire flower glows with a lustrous bluish sheen. Each petal has a prominent cream mid-rib, and edged with a hair-line of cream. 1.50

1955 ELMHERST INTRODUCTIONS

ELMHERST, Evergreen 3'

Huge glowing dark cream, suffused coppery self, appearing heavily sprinkled with gold dust. Wide, wavy, twisty over-lapping petals and sepals, pinched effect on tips. Substance and texture suprisingly thick, also heavy, but velvety to touch. Each petal has a very prominent mid-rib of light cream extending into the deep throat. Two long blooming periods each summer. Flowers open wide in the early mornin, closing late the following day. Our proven first class parent. Listed as Full Moon last year 20.00

BUDDY GRAHAM, Deciduous 2'

Lovely wide flower with heavy crepe paper effect, in a shade of beautiful brown tones, having an attractive, very prominent, dark red mahogany eye-zone, which sets off the flower to perfection. Substance and texture, thick, heavy, crinkly with wide, wavy overlapping petals. Color will be much darker when planted in late afternoon shade. 25.00

ADORABLE JOEY, Deciduous 28"

Deliciously fragrant unusually showy 3½ inch violet, rosy mauve, with a sage green luminous suffusion. Curly, twisty petals have prominent greenish cream midribs, with extremely, towering pointed, dark violet eye-zone. Sepals recurve far back. Wiry straight well-branched scapes just a mass of gorgeously colored flowers like an array of exotic gay butterflys happily flying in the breeze. Wonderful for arrangements as it opens mid-day remaining open overnight, closing the following day. Truly different 1.50

JUST RICH, Deciduous 3½'

Wide open type flower, a blended shading of purple, with a metallic pinkish suffusion over the entire flower, giving a glowing cast of pink. Wavy sepals and petals have heavy, wide prominent cream mid-ribs. Velvety thick substance. Wide cadmium yellow throat extends far out onto each petal. Long bloomer, lovely foliage covered with a profusion of beautiful buds and flowers. 2.00

GAY KAY, Evergreen 3'

Deep pink with, dark rose, prominent eye-zone. Sepals slightly a shade lighter than petals. Wavy petals open wide. Splendid bloomer with a showy bright yellow throat. 10.00

INA SUMMERS, Evergreen 3'

Large bright Indian yellow with a wide cadmium yellow throat shaded green. Faint tan eye-zone, cream mid-ribs. Velvety texture. Recurved sepals curl back on tips. An abundance of flowers glittering as if sprinkled with gold dust. Listed as Indian Summer last year.80

L. A. ROBERTS, Deciduous 2½'

Lovely flower of glowing dark wine purple. Petals and sepals have prominent white mid-ribs. Lemon yellow throat. Black-purple eye-zone with recurved sepals. 1.50

EARLY MOON, Evergreen 2'

Huge, wide open type flowers of an extremely light yellow. Good sustained flowers bloom just above the foliage. For us a proven good parent. Listed as Dream Moon last year85

HAPPY MAC, Evergreen 2½'

Large wide open type flower of a golden-orange self. Not a shade of any other color. Sepals recurved. Petals have a prominent mid-rib. Velvety, a long bloomer.75

JERSEY MAID, Deciduous 2'

Delicious fragrant creamy yellow self. Flowers produced abundantly over a long period. Nice size for arrangements.70

SWEET SALLIE, Evergreen 3'

Large, extremely fragrant, wavy, twisty, curly, recurved, wide open type, dark cream with a suffusion of pinkish peach over the entire flower. Edges of petals and sepals are light cream. Heavy velvety texture and substance. Long bloomer. A real beauty. 1.50

BABY DEAR, Deciduous 2'

Twisty, curly, soft toned pink self, except for a dark pink eye-zone. Small, stiff straight scapes with a profusion of 4 inch flowers. A tiny beauty, so dainty for arrangements, as well as border effect in the garden. Listed as Baby Tears last year. 1.60

TWEEDLE DEE, Deciduous 2'

A tiny, twisty, recurving 3½ inch buff-tan. Showy cream mid-ribs on both petals and sepals, also a green throat. 1.50

ELVA ROBERTS, Evergreen 2½'

Wide overlapping petaled light apricot self. Entire flower extremely ruffled and crinkled like heavy crepe paper, but velvety to touch. Wide prominent creamy apricot mid-ribs. Star shaped throat, bright orange cadmium, shaded green. Large wavy flowers; blooms twice each season. 2.00

GOLD TOWERS, Evergreen 20"

Large, wide petalled very dark yellow. Texture of flowers, as well as substance, is heavy, thick, but velvety to the touch. The beauty of the flower is enhanced by a striking towering light mahogany eye-zone. Back of each petal is a bright orange. Long abundant bloomer 1.00

TINY STAR, Evergreen 2'

Slightly fragrant pure tan self. Wavy, curly, twisty 3½ inch flowers with edges of petals and sepals slightly lighter tan. Dary brown eye-zone. Light tan mid-ribs. 1.50

ONCOBREDS

In this section you will find one of the most interesting types of bearded iris grown today. All of them are descendents of iris that come from in and around the Holy Land. As a rule it is quite hard to grow these native species, but thanks to our modern day hybridizers who have crossed and recrossed these natives with our regular bearded iris which grow so well; we have now plants which grow quite easy and have flowers that look a great deal like the wild species. As a rule most of these listed are quite hardy in the open, but some will need a little protection in the coldest areas. In all cases we will advise you when you order a tender variety. So this year if you do not grow any of these listed order a couple and tuck them in somewhere. You won't regret it.

TABLE INTERMEDIATE AND FALL BLOOMING IRIS

We find a growing interest in these shorter and smaller cousins to the tall bearded varieties. This year we are again listing the Tables, Intermediates, and Fall Bloomers together. The shorter bloom stalks and smaller blossoms make them ideal for arrangements and also stand up to the weather better. Most all listed will grow quite fast and produce quite a large clump the first year.
